Chef Desiree Brassert is gaining recognition for her creative Asian-American infusions found throughout her meals. Whether it is with subtle hints of ginger or blazing and colorful peppers, her dishes simply work their magic. She has been cooking in the area for the past 15 years and has brought unique signature dishes to many joyful events, weddings and family vacations. She originated from France where her love for food began but her Vietnamese mother taught her how to use exotic raw materials and how to be creative. After moving to Costa Rica in 1991, she is always thrilled to use the local cornucopia of colors and flavors. And her upbeat personality will make any event an unforgettable experience. Her menu selection far exceeds what she has put on paper. Don't be afraid to ask about Gluten Free or Vegetarian menu choices. Ask Chef Desiree about her special "ethnic-themed" dinner options!
