Epic Adventures Costa Rica is a small company founded in 2003 to preserve our most treasured natural resource in Costa Rica – the Manuel Antonio/Quepos area, Today the company’s objectives are the same as they were then. Epic Adventures Costa Rica allows individuals, families, and large groups to discover the real adventures and exotic treasures of the beautiful land. We all so desperately strive to preserve – every day, on every tour, and through everyone who shares the Epic Adventures Costa Rica experience.

Manuel Antonio National Park is the place to be. Many people from around the world come to see the wildlife that lives here and this is one of the top destinations in Costa Rica. The park receives 300.000 visitors a year and is rated in the top 12 most beautiful national parks in the world. The park is the smallest in Costa Rica, but still quite a trek. With that said, bring sun protection, comfortable shoes and water.
