Our guests were very impressed. My Mom was enamored with you and two of our friends cried because your delivery was so sweet and genuine. You were amazing and the whole night seemed to flow. You set the mood for love and celebration and I can't thank you enough. Nicole & Jeff Oct 2014 ...Our wedding is still the talk of the town. I knew you would make my dream wedding come true after we first talked on the phone. You were even more enthusiastic than me. I look back at the pictures and I still feel the emotions of that day. Everybody cried during the ceremony. I cannot thank you enough for your generosity. Lena & Gary July 2014
